For immediate release:

Embarking on a magical quest, players join Monkey as he ventures through a vast 3D world to explore over 16 action packed dungeons. The game environments are huge and feature over 45 different enemies and 14 unique bosses. Each environment real time rendered, fully textured and fully interactive, containing over 2,500 screens of game play.

Find the eight missing chapters of the Magic Story Book using powerful magic artifacts to challenge monsters, converse with characters for vital information, and obtain magical powers and weapons needed to help him against the Nightmare Lords. After he joins all the chapters of the Magic Story Book and drives of the minions from the Waking World, Monkey must face his final challenge.

MONKEY HERO is also striking in it's unique approach to art - style. The game combines highly popular Japanese anime with a Manga Style graphic animation to create a distinct look and feel.

Game Features:

- Real-time rendered 3-D terrain with fully interactive, beautifully textured environments.
- 16 action-packed Dungeons, 45 different Enemies, 14 unique Bosses.
- 80 hours of play from start to finish.
- Over 2,500 screens of gameplay.
- Visually presented in a unique manner combining Japanese Manga-style anime with Disney-style animation.
- Over 45 different enemies and allies plus 14 unique and intrepid bosses.
- Power-ups, hidden secrets, and special endings.
- Fully interactive ("live") gameplay environment.
